

I am writing a new anti-bullying policy and I think that it is really important that you are involved.

Our policy needs to explain what we think bullying is, how we try to prevent it, what we do if bullying happens in school and what everyone's roles and responsibilities are.

Please think about the answers to these questions.

What is bullying?

Bullying can take many forms - what are the main types?

How do we try to prevent bullying at Woodhall?

What are the things that we do or have in order to achieve our aims?

What should the adults in school do if bullying is going on?

How can children report incidents of bullying?

What should governors do if there is bullying going on? How would they know?

What should happen to the person being bullied?

What should happen to the person doing the bullying?

What happens if bullying is going on out of school? Who should be involved?

What about children with different needs

What is the role of your parents/carers?
