What is the number of the parking spot?

Select 3 balls and put them into the circles below such that the sum of the numbers should be 30.

A man hops in a bus and casually makes his wife sit next to the driver. The people on the bus look at him in surprise, and ask him: "Why would you let your wife sit next to the driver?" to which the man replies: "The only brother of the driver's wife is my wife's uncle."

How do the driver and the man's wife know each other?
