Tuesday 12th October 2021

Dear Parents/Carers,

We are very pleased to invite you to...

COME AND LEARN WITH YEAR 6!

MONDAY 18th OCTOBER 2021 2-3pm

This session is open to all parents/carers of children in Year 6. It will provide you with what we hope will be a very useful insight into how we teach the children, 'ways into learning', ideas for games and other activities. Our Year 6 session will focus on FRACTIONS. Fractions are often an area of maths remembered with dread by adults, but we aim to give you a new-found fascination!

You are welcome to join us in school at **1.45pm**, when you can grab a cup of tea/coffee and make yourself comfortable. At 2pm, Year 6 will come down to the hall (depending upon the number of parents attending, this may take place in the classroom instead) and their lesson will begin.

Please do not worry at all if the thought of a maths lesson fills you with fear. This is a chance for you to experience 'how we do things here'...the Year 6 National Curriculum objectives for maths, what a primary school maths lesson looks like in 2021, how we teach different concepts in maths etc. and to ask any questions. Nobody will be put on the spot, asked any tricky questions or to take part if they don't want to. There are DEFINITELY no after-school detentions!

We would love to see as many of you as possible. We hope that this will prove a valuable session, and one that we will repeat (with a different focus) in the future. Please complete the form below and return it to school.

Thank you,

Miss Lake

I/we will be attending the 'Come and Learn with Year 6' session on Monday 18th October.
