

Woodhall School Parliament  
Letter from our Prime Minister.

This is your Prime Minister here reporting from number 5 Leven Close. You may have noticed my presence has been absent from the school recently. This is because I have been in close contact with two positive Covid cases. It was in the best interest of others for me to work from home and protect my school community.

What a delight it was to finally burst our bubbles. We became much more sociable being around more people and new friendships have been made. Having our assemblies back to normal has been delightful. To congratulate the weekly award winners has felt a sense of togetherness has returned. To be able to walk in the dining room and smell the food is amazing. Sitting with your friends brings warmth and comfort.

Looking back, it was wonderful when the whole school focused on the descriptive book *The Lost Spells*. A lot of imaginations were expressed from heads through arms and flowed onto paper. I think this was a great piece of work because it will help many going forward with their learning.

When the solar system visited Woodhall School everyone was ecstatic to walk into the new atmosphere. The Wonderdome was an extremely fun way of learning all about our extraordinary universe. A visit from outside the school community was welcomed with open arms.

Looking back over the term I feel that Black History Month was by far the most important subject we have explored. We have come together to learn how people were wrongly treated and their upsetting experiences in life. We have learnt the importance of respecting each and every one of us and the values we all bring to the world.

I haven't been able to take part in many Christmas activities this year but from the photos that have been shared with me, it seems the Christmas spirit has filled the classrooms, walked the corridors and spread across the playground. To see joyous smiles and hear of merry laughter has brought me happiness and made me smile.

I would like to take this opportunity to thank you for voting me in as Prime Minister. I was amazed my dream of becoming head student was now a reality. I have learnt that if you put in the work every week, every day, every hour, every minute and every second you will be able to achieve any dream like me.

Finally, I would like to wish you all a very Merry Christmas and happy and healthy new year.

Best wishes

Freddie Arnold
