

## WOOHALL PRIMARY SCHOOL

### OUR CORE VALUES

#### **PASSION**

*Led by an enthusiastic and creative teaching staff, and through a well-planned curriculum; we will enable all pupils to explore and develop their interests and passions. We will foster a love of learning in our children, and excitement around next steps; creating a space where learning goes beyond the classroom walls and becomes a lifelong pursuit.*

#### **RESILIENCE**

*Through a comprehensive and enriched curriculum, children will develop the skills to maintain their own emotional well-being, along with the confidence to talk openly and express their feelings and opinions. As a school, we will endeavour to grow strong, confident children who have the courage to seek help when needed; and who understand that mistakes help us to learn and develop.*

#### **RESPONSIBILITY**

*We will enable children to take ownership of their learning journey and to develop the lifelong skill of independence; to understand that we each play a key part in shaping our own future and that we are accountable for our own actions, behaviour and the impact that we have upon others. We will help children to understand and take pride in both individual and collective responsibilities in order to make positive contributions to the school community.*

#### **INCLUSIVITY**

*Every stakeholder in our school community will feel included, respected, valued and will be encouraged to achieve, regardless of barriers that they may face. Equally, all members of our community will seek to ensure that others may enjoy the same experience and offer support whenever they can. Woodhall will be a place where everyone is included, where there are no outsiders, and where difference is celebrated!*

#### **ASPIRATION**

*We will encourage all of our children to understand how they learn best, enabling them to conquer their own personal challenges, to achieve their potential and stretch themselves and their thinking. Children will be encouraged to take risks and persevere, to develop skills and to know that they have the power to, and are capable of achieving anything they set their minds to. We will strive to ensure that all children at least meet or exceed national expectations and are more than ready to access the next stage of their learning.*

#### **FAMILY**

*Woodhall will be a school that feels like home, with staff that feel like family and where children are not just educated, they are nurtured. All stakeholders – children, parents, carers, staff, governors – will be supported to become the best they can be; with opportunities to develop their own learning. Like a family, we will support each other through challenging times and take pride in the success and achievements of every member.*
